

## 新竹三信-安控元件 Windows 安裝說明

1. 點選「安控元件下載(Windows)」。

2. 下載新竹三信安控元件 Windows 安裝檔(WebICCSservice132.msi)

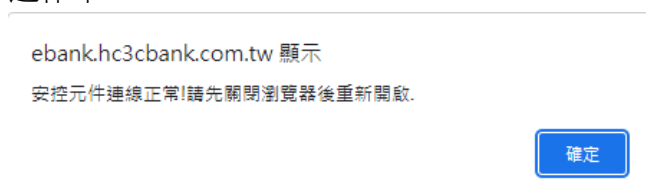

3. 下載完成，請至「下載項目」目錄，點選執行 WebICCSservice132.msi

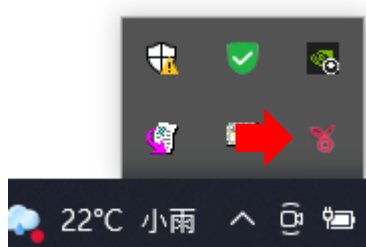

4. 完成安裝後，可先至安控元件下載頁，點案[測試連線是否正常]

The screenshot shows the website interface for Hsinchu Third Credit Cooperative. On the left is the '網路ATM登入' (Network ATM Login) section with a login box containing '111/06/09 09:33:08' and a '回首頁' (Home) button. On the right is the '安控元件下載' (Security Component Download) section. It features a 'WINDOWS設定' (Windows Settings) area with a '測試連線是否正常' (Test Connection) button highlighted by a red arrow. Below this is a section for '安控元件重新啟動方式' (Security Component Restart Method) with four numbered steps: 1. Click the security component icon in the taskbar. 2. Click the restart button. 3. If the icon is not in the taskbar, search for it and run it. 4. After restarting, close and reopen the browser.

5. 若顯示「安控元件連線正常！請先關閉瀏覽器後重新開啟」，則表示元件正常運作中。

6. 若電腦有重新啟動，安控元件會自動啟動並常駐於背景處理程序。

7. 點按常駐程式小圖示後可以開啟安控元件程式畫面查看狀態或重新啟動元件。
